From a face in the crowd, to one the crowd faces

Dear Parents / Students

Developing capable women of character and relevance. This has been the endeavour of Singapore Chinese Girls' School for more than 120 years.

Today, we continue to provide a rich, balanced and holistic education so that every student is developed to her fullest potential, and has the values and competencies to contribute meaningfully to the community in a rapidly evolving world. We nurture each girl to be a 'kim gek' (or gold and jade in Hokkien) – a precious gem with the purity and flexibility of gold as well as the inner beauty and strength of jade. It is our hope that our girls will live out the school values of Sincerity, Courage, Generosity and Service, both during their time with us and when they move on to greater challenges and roles in life.

We invite you to apply for admission into SCGS in the Direct School Admission Exercise 2020. We offer exciting learning opportunities including the rigorous and engaging academic curriculum for both the O-Level and Integrated Programmes. We have rich and high-performing co-curricular programmes that develop character, leadership and life skills. In addition to this, we have a myriad of enrichment and sabbatical programmes that help you develop your talents and interests, as well as stretch your potential. Through these learning experiences, we continue our strong tradition of excellent holistic education that grooms our students to be women of character and relevance.

Yours sincerely
Mrs Eugenia Lim
